***My Community Dental Centers - Warren to celebrate
one-year anniversary with an open house***

My Community Dental Centers, Inc. (MCDC), in partnership with the Macomb County Health Department (MCHD), invite community partners and residents to attend its open house on Thursday, May 31 from 4:30 p.m.-6 p.m. to celebrate the dental center's one-year anniversary. The event will be held at the dental center, located at 27690 Van Dyke Ave. in Warren, Michigan, and is open to the public. It will include a meet and greet with the team along with refreshments, facility tours and a drawing to win an electric toothbrush.

The dental center opened in May 2017 and served more than 1,300 patients in its first year, with 3,332 office visits. The center provides comprehensive dental services, including oral exams/cleanings, fillings, tooth removal, partials, dentures and other procedures. MCDC-Warren accepts patients on Medicaid, Healthy Michigan Plan and Delta Healthy Kids, as well as patients with private insurance. The organization is also pleased to offer My Dental Program (MyDP) for those without dental insurance, which provides reduced fees based on household income.

A lack of access to dental care negatively affects the community's health and well-being. When an oral health emergency strikes, those enrolled in Medicaid and the uninsured often head to the emergency room, not the dentist. "This dental center is an important asset in our community for oral health care," said William Ridella, director/health officer for Macomb County Health Department. "We look forward to continuing to partner with MCDC and having this resource available to Macomb County residents."

Established in 2006, MCDC is the largest non-profit 501(c)3 Dental Support Organization in the United States. It currently operates 39 dental centers statewide, with over 100,000 unique patients served in 2017. MCDC focuses on quality care that is customized for each patient and offers a patient-centered atmosphere with exceptional customer service. The centers also utilize electronic patient records, digital radiography and state-of-the-art dental equipment.

The Warren dental center is open Monday from 9 a.m.-5:30 pm. and Tuesday through Friday
