The People of the State of Michigan enact:

Sec. 16h. (1) Subject to subsection (4) and section 12, beginning 1 year after the effective date of the amendatory act that added this section, each qualified county shall provide in its zoning ordinance that land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a portion of the land specified in the zoning ordinance, but not more than 50%, that, as determined by the county, could otherwise be developed, under existing ordinances, laws, and rules, on the entire land area, if all of the following apply:

(a) The land is zoned at a density equivalent to 2 or fewer dwelling units per acre, or, if the land is served by a public sewer system, 3 or fewer dwelling units per acre.

(b) A percentage of the land area specified in the zoning ordinance, but not less than 50%, will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land, as prescribed by the zoning ordinance.

(c) The development does not depend upon the extension of a public sewer or public water supply system, unless development of the land without the exercise of the option provided by this subsection would also depend upon such an extension.

(d) The option provided pursuant to this subsection has not previously been exercised with respect to that land.

(2) After a landowner exercises the option provided pursuant to subsection (1), the land may be rezoned accordingly.
(3) The development of land under subsection (1) is subject to other applicable ordinances, laws, and rules, including rules relating to suitability of groundwater for on-site water supply for land not served by public water and rules relating to suitability of soils for on-site sewage disposal for land not served by public sewers.

(4) Subsection (1) does not apply to a qualified county if both of the following requirements are met:

(ii) If the landowner exercises the option provided by subparagraph (i), the portion of the land not developed will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land.

(b) On or before the enactment date of the amendatory act that added this section, a landowner exercised the option provided under the zoning ordinance provision referred to in subdivision (a) with at least 50% of the land area remaining perpetually in an undeveloped state.
